CIRCUMSTANCES OF DISAPPEARANCE

On the evening of **November 3, 2024**, subject Elias Ward was last observed at **Continuity Laboratories** (precise address currently under verification by this unit). Ward was reported missing the following morning on November 4, 2024, by an associate who stated that the subject failed to return home and was entirely non-responsive to digital communications.

Investigators canvassed the immediate perimeter surrounding Continuity Laboratories and reviewed all available electronic surveillance infrastructure. Ground searches and automated electronic record checks have yielded negative results. No trace of the subject's current location or condition has been established, and all investigative leads remain under review.

- **Voluntary Departure Indicators:** None detected. No physical note left, no financial withdrawal activity, and no digital footprints consistent with a voluntary absence within the critical 72-hour post-disappearance window.
- **Last Known Sighting:** Continuity Laboratories — Evening of November 3, 2024.
- **Surveillance Footage:** Inconclusive.
- **Witness Accounts:** Unverified / Currently under active review.

PERSONS OF INTEREST / RELATED INDIVIDUALS

Name	Relationship / Status	Investigative Status
Jonah Mercer	Relationship to Subject: Under Determination Designation: Person of Interest (Pending)	Recovered in proximity to Continuity Laboratories during the course of the investigation. Taken in for questioning; subsequently Questioned and Released .

Note: The recovery and interview of Jonah Mercer represents the sole significant timeline development to date; however, the inquiry has not yet produced actionable information sufficient to determine Ward's final destination, path, or condition.
